

1. When is the Public Mint?

TBD

2. Can anyone participate in the Public Mint?

Yes.

3. What is the Public Mint price?

.1 ETH for public mint

.075 ETH for wl

FREE for Premint winners (100 = 1% of total nft collection)

4. How do I mint as part of the Public Mint?

Go to Life2.io for the official link to mint and connect your Wallet

5. Can I use a minting wallet for the Public Mint?

Yes. You can use basically whatever wallet you wish (except multi-sig wallets).

6. Can I mint from a smart contract or multi-sig wallet such as gnosis safe?

No. (This helps prevents bot activity)

7. What is the max number of tokens that can be minted per transaction?

2

8. Is there a max number of tokens per wallet?

4

9. Will there be an instant reveal?

Yes. (It may take a few moments to refresh).

10. How many Gods will be available for the Public Mint?

At least 7500. It depends on how many are minted the day before during the Early Access(WL) Mint. There will be 10,000 total Eternal Gods Of Egypt, and approximately 2400 are available for early access. It's possible some people who qualify for Early Access Mint will not claim their Gods – those will then be available as part of the Public Mint.

11. Will the mint have provable fairness (randomness) in which Gods are minted?

Yes. This will be set up by the development team at SmartContract and will be publicly available and provable.

12. Is Premint registration required to mint?

No. We considered this option but decided the best approach is to enable anyone to participate in the mint. Those who registered on Premint were

entered into a raffle for 100 spots to mint a free Gods during the Early Access Mint.
